Not sure if this is what you're looking for but the following products still have no MPP's showing that the paperwork has been updated for kits in stock and in progress:

D350-636 (ECN 14-596) DSI 9662 Rev B added
D119-646 (ECN 14-628) IIN Rev C, ICA Rev 2, DSI 9685 Rev A added
D139-799 (ECN 14-669) JCAB STC added

Thanks,

Kim Johnston
